Three of the most prominent merchants of New York City, Swiss importers, on a general tour of observation to the Southern States, arrived at Fortress Monroe on Friday last, and spent the afternoon in an interview with Jeff. Davis. They were pleasantly received and entertained by Mr. and Mrs. Davis. The conversation, which ensued on various commercial subjects, was prolonged several hours. On leaving the fort they expressed themselves highly pleased with all they saw, so comfortably provided for, they having no conception that the impression that he was very poorly taken care of. They found him in good health and possessing all the means of enjoyment which the leniency of the Government could bestow under the grave nature of the offence for which he remains imprisoned.

The Maryland Senate, on Saturday, rejected the House of Delegates bill to call a State Convention to form a new Constitution, by 15 to 7—not a two-thirds vote, as required.

The Nevada Legislature adjourned *sine die* at midnight on the 8th. The Lieutenant Governor, before it adjourned, said the Legislature brought no credit to themselves or the State. No revenue bills had been passed, and the State was without credit. That evening it had been refused credit for a hundred pounds of flour for the State Prison. Within twenty days he would turn the prisoners loose to seek their living for themselves. The closing scenes were disgraceful.

—A later dispatch says the question of an extra session was being agitated by the people, but that the Governor would not issue the call unless a revenue bill was agreed upon beforehand and the members pledged themselves firmly and unequivocally to pass such bill immediately upon re-assembling.

EARLY TELEGRAMS.

FORTIETH CONGRESS.

THE ALEXANDRIA ELECTION.

$1,000,000 for Southern Destitution.

MONARCHIES IN AMERICA.

WASHINGTON, March 9, 1867.

SENATE.

REPORTS REFERRED.

The CHAIR submitted the annual report of the Academy of Science. Referred to Committee on Printing, with a motion to print 1,500 extra copies.

On motion of Mr. CONNESS, the documents on file in relation to the reciprocity treaty between the United States and Hawaiian Islands were referred to the Committee on Foreign Relations.

INDIAN AFFAIRS.

Mr. HENDERSON, from the Committee on Indian Affairs, reported a House bill appropriating $50,000 to defray the expenses of the Commissioners sent by the President to the Indian nations. Passed.

THE ALEXANDRIA ELECTIONS.

Mr. VAN WINKLE presented a petition from the citizens of Alexandria, asking Congress to confirm the action of the Senate in annulling the Alexandria elections until the people of Alexandria had an opportunity of voting without fear or favor.

Mr. WILSON said that since offering the resolution referred to he had been waited upon by a delegation from Alexandria, who assured him that they did not believe the late act of Congress applicable to their late election, as no District commander had been appointed, and in the late election they should receive the votes of negroes under the military law.

Mr. WILSON said the people of Alexandria had consulted several eminent professional men who had told them the colored people of Alexandria could not be excepted from all the late election under the military bill.

STARVATION AT THE SOUTH.

Mr. TRUMBULL, from the Judiciary Committee, reported back the resolution appropriating one million of dollars for the relief of destitute people of the south and southwest, and asked that all moneys to be expended under the superintendence of the Commissioners of the Freedmen's Bureau in supplies of food.

Mr. TRUMBULL said that General Howard had called on the Judiciary Committee this morning, and stated that unless somethings of the kind was done, there would be actual starvation among the disloyal people of Alexandria. The former appropriations had been sufficient to provide for the actual wants of the freedmen and loyal refugees; but under the resolutions now reported he would be enabled to assist in relieving the destitute disloyal. It was now asked to extend the aid to all alike. The relief was very great. The appropriations were $350,000 less than that asked for by General Howard.

After discussion by Messrs. STEWART and POMEROY in favor of the resolution,

Mr. SPRAGUE moved to amend by increasing the appropriation to $1,000,000.

Mr. DOOLITTLE advocated the amendment.

After further discussion, the amendment was disagreed to.

In the course of the debate, Mr. STEWART assailed the management of Indian affairs. Mr. HARLAN denied any more corruption in the Indian than any other Department of the Government.

After a long debate, the resolution was passed.

MONARCHIES IN THE AMERICAN CONTINENT.

Mr. CRESWELL introduced a resolution, instructing the Committee on Foreign Relations to inquire into what steps were necessary to prevent foreign governments from establishing upon this continent colonies and governments contrary to those established by the founders of this Republic. Also, that the resolution be referred to the Committee on Foreign Relations.

The Senate went into Executive session, and soon after adjourned.

FROM LOUISIANA.

Legislative Committee to Protest Against the Reconstruction Bill—Impeachment of Governor Wells Talked of—Senator Sherman Declares that if Negro Suffrage is Refused the Election Would be Null—Bill to Postpone the Election.

NEW YORK, March 10.—A special New Orleans telegram to the *Herald* says that the Louisiana House of Representatives concurred in the Senate resolution appointing a Committee to protest against the Sherman-Conness reconstruction bill.

Charges were preferred against Governor Wells in the House for usurpation in issuing his proclamation declaring the special session illegal, and refusing to act in accordance with the Reconstruction Bill, and his impeachment is probable.

Lieutenant Governor, the Lieutenant Governor, and others had an interview with General Sheridan regarding the rights of negroes to vote at the election. Sheridan said he was informed that if negroes did not vote the election would be null.

The Senate has unanimously passed the House postponing the proposed election.

NEW ORLEANS ELECTION POSTPONED.

NEW ORLEANS, March 10.—Trouble being apprehended in case the municipal election is allowed to be held on Monday, General Sheridan has issued an order that no polls shall be opened, but that the day of election be postponed until the district commander under the law is appointed, or until special instructions are received covering the case.

FROM NEW YORK.

The Fenian Excitement—Enthusiastic Speeches—Sentiments of Sympathy Applauded—Sailed—Excitement in Erie R. R. Stock.

TRANQUILITY RESTORED IN LEINSTER.

LONDON, March 9.—*Noon.*—It is reported from Ireland to-day that tranquility has been restored throughout the Province of Leinster, and that there has been no recent disturbance in the county of Kerry since the abortive outbreak of last month.

FENIANS SWARMING ABOUT TIPPERARY AND CORK.

A dispatch from Waterford states that the county mountains, on the borders of Tipperary and Cork counties, are swarming with Fenians, and it is feared an attack will be made on the town of Tipperary, the inhabitants of which are disaffected and strongly disposed to help them.

THE UPRISING NOT GENERAL.

LONDON, March 9.—*Evening.*—Official dispatches received from Ireland say loads of arms were discovered and seized by the military, and that this fact seems to confirm reports that the rising of the Irish failed to be general.

DUBLIN, March 8.—*Evening.*—A dispatch from Waterford reports that the Fenians appeared in force at Devil's Bit Mountain, Tipperary county. Troops, with artillery, were sent to dislodge them. The result is yet unknown. The insurgents master in strong force, particularly in Tipperary county. No bands, as yet, have appeared in the county of Wicklow, and the town of Wicklow is quiet. Reports from Drogheda report no further disturbance there up to this hour. Twelve of the foremost rebel leaders are captured. The Fenians have not captured and hold the Police barracks at Kilteel, in county Kildare.

FENIANS PASSING INTO THEIR RANKS.

LONDON, March 9—*Evening.*—Dispatches from Dublin state that small bands of Fenians are patroling the counties of Cork, Waterford, Tipperary and Limerick, pressing people into their ranks and committing robberies every where. The barracks of Cork are ordered to be closed every evening at dusk.

Stevens is still in Paris.

FUNERAL OF ARTEMUS WARD.

The funeral of "Artemus Ward" (Chas F. Browne) took place to-day. The remains were taken to Greenwood Cemetery, followed to the grave by a great number of literary men and friends. The United States Legation was represented by Benj. Moran, First Secretary to Minister Adams.

DERBY GOVERNMENT REORGANIZED.

The reorganization of the Derby Government has been completed. The Duke of Marlborough, Lord President of the Privy Council, in place of the Duke of Buckingham, appointed Colonial Secretary, and the Duke of Richmond will take the Chairhead at the Board of Trade.

STEAMERS ARRIVED.

QUEENSTOWN, March 9.—The steamship City of Washington and Chicago, from New York, bound here to-day.

THE EASTERN QUESTION.

It is stated that the leading powers of Europe have united in urging upon the Ottoman Government the necessity of the enactment of the provisions of the treaty of 1856, and granting of liberal concessions to the Christian subjects.

LATEST FENIAN DEMONSTRATIONS.

DUBLIN, March 10.—A band of Fenians, which was previously reported to have taken possession of the barracks at Kiltiel, in Kildare, has been dispersed by the police. Five insurgents made an attack on the barracks at Mount Mellik, at the foot of Slieveboom Mountain, and were driven off. Four of the attacking party were shot. The rebels are said to have assembled to the number of 1000 in the neighborhood of Aherlaw, Alleboy-lain, in Queens county. Troops have been sent out to disperse them.

FENIAN COUNCIL DISCOVERED.

The existence of the Fenian Council, which had its meetings in secret in Dublin, has been discovered, and its members have been arrested by the police. General Burke, one of the leaders in the south, has been captured at Tipperary.

FRENCH TROOPS OUT OF MEXICO.

PARIS, March 10.—The *Moniteur* states that by this time all the French troops must have left Mexico, and that the departure of the Emperor Maximilian from Vera Cruz was to have taken place on the 5th of March.

MARTIAL LAW IN SPAIN.

MADRID, March 10.—A royal proclamation announces the termination of martial law in Spain.

ATTEMPT TO ASSASSINATE.

FLORENCE, March 10.—An attempt was made to assassinate the King of Italy, near Milan, which failed.

A TERRIBLE EARTHQUAKE.

ATHENS, March 10.—A terrible earthquake has taken place in the Island of Mytelene, and the inhabitants are in ruins and hundreds or lives have been lost.

CONCESSION TO THE CRETANS.

LONDON, March 10.—A dispatch from Constantinople states that the Sultan has made concessions which are satisfactory to the people of Servia, and has promised to carry into effect the Hatsumi of 1856. The Cretan deputation has reached Constantinople.

FINANCIAL AND COMMERCIAL.

LIVERPOOL, March 9—*Evening.*—The market for Cotton continues dull, and quotations show a further decline of ⅛d. Uplands closed at 13d; middling Orleans, 13½d. The sales to-day foot up 7,000 bales. The market for Breadstuffs closes quiet. Western prime city mess, 75s 6d per 200 pounds. American Lard 56s 9d per 100 pounds. Rosin, common Wilmington, 9s 3d per 100 lbs. Ashes, 35s 6d, for Pots. HABEAS CORPUS BILL.

NEW YORK, March 10.—The steamer American, from Southampton on the 26th, has arrived.

In the House of Lords on the 25th, Lord Derby moved the second reading of the bill to continue the suspension of *habeas corpus* in Ireland.

Lord Russell gave a cordial assent to the bill, which he considered fully justified by recent events, and commented strongly on the conduct of Fenian leaders in the United States, especially deprecating the interference of the American Government in relation to the trial of the Fenian invaders of Canada.

Lord Derby gave explanations on the part of the Lord Attorney General, and promised that no pardons would receive to the paragraph in the American President's message concerning the Fenian trials in Canada should be inserted in Parliament.

The bill was then read a second time.

IRISH AMERICANS ARRESTED.

Two Irish-Americans were arrested on board a vessel from Cardiff, at CORK. Both were armed and resisted.

A powder magazine at Pasilippo, Italy, exploded. Many were killed and wounded.

In a railway accident between Moscow and Kalsan, Russia, ten were killed and thirty wounded.

Le France denies that the American Minister at Constantinople, had proposed to a member of the diplomatic body, that representations should be made to the Porte on the subject of Crete.

The new French Press Law is expected to be greatly modified. The Polish confiscated property will be sold at public auction in December.

Advices from China state the rebels threaten Hankow seriously.

A telegram of February 21st, states on Greek authority, that 8,000 Turks were defeated on the 15th and 16th, in the Western portion of Crete, losing two guns and many prisoners. The Ottomans were also beaten on the 18th and 19th in another part of the island. Fresh massacres are reported by Turks.

The Cretan elected delegates to Constantinople refuse to go, and the Cretan assembly persists in their demand for annexation to Greece.

THE CONGRESSIONAL RECESS.

It appears to be conceded to-day that the session of Congress will continue for several weeks, but with the understanding that no new financial measures will be agreed upon. Prominent Senators say the recess of Congress will be taken at the close of next week to October.

THE ALEXANDRIA ELECTION.

Officials at Alexandria, Va., say they are ready for another election, with negro suffrage, to-morrow, if Congress will let them remain with Virginia.

THE LATE FENIAN BODIES FOUND.

Four dead bodies have thus far been taken on from the ruins of the fire of last night, including P. Emmerick, a restaurant keeper.

PUBLIC LANDS SOLD.

The Commissioner of the General Land Office has received returns exhibiting the aggregate disposal of 10,92 acres of public lands during the month of February, as the following local offices, viz: Nebraska City, Nebraska, 2,560 acres. St. Peters, Minn., 4,615 acres. Humboldt, Kan., 1,229 acres. A large portion of the land was taken under the Homestead Law for actual settlement and cultivation. The remainder was sold for cash, and located with agricultural college scrip and military warrants. The cash sales amounted $6,999. The Commissioner transmitted to the Governor of Iowa patent No. 3, embracing 1,120 acres of swamp lands in the late Charlton district, entering to the State under the grant of September 28th, 1850.

DISBURSEMENTS.

The disbursements for last week were: War Department, $415,228; Navy, $209,267; Interior, $253,118. The week's internal revenue, $1,081,628 50. Total since July 1st, $20,-821,392,23.

APPOINTMENTS CONSIDERED.

The Senate in executive session confirmed Wm. M. Swayne, Collector of Internal Revenue, Seventh District, Pennsylvania; John Wytock, District Attorney, Eastern District, Arkansas. Rejected—Wm. Price, Surveyor of Customs, Quincy, Illinois; P. Sardent, Postmaster, Kenosha, Wisconsin.

APPOINTMENTS BY THE PRESIDENT.

A special says that the President sent to the Senate the nominations of John Quincy Adams, as naval officer of Boston, and Cadwalader, as appraiser of Philadelphia, and a large number of assessors and postmasters in the West.

FOR THE DEFENSE OF JEFF. DAVIS.

The Mississippi Legislature appropriates sixty thousand dollars to be expended in the defense of Jeff. Davis.

MARYLAND SENATOR.

A. D. Jones, formerly a representative in Congress, will probably be elected Senator from Maryland.

GENERAL GRANT ON RECONSTRUCTION.

A Washington special to New York states that General Grant had an interview with the President yesterday, when it is supposed the question of military appointments under the Reconstruction bill in the South was thoroughly discussed. General Grant is believed to have completed a set of instructions approving the bill and to have submitted them to the President.

Senator Wilson's bill has been approved by the Judiciary Committee of both Houses, and will probably pass.

SOUTHERN STATES SUBMITTING.

A prominent Senator has received positive information from three Southern States that they will immediately proceed to organize their State governments under the Military bill, and it is now confidently asserted that all the Southern States will be reorganized under its provisions and be admitted to their former relations by the 1st of January.

THE ALEXANDRIA MAYORALTY.

George Tucker, Republican candidate at the late Mayoralty election in Alexandria, called on Friday morning on Mayor Latham, who was declared elected by the judges, and demanded the seal of the corporation and books of office. Mr. Latham declined to yield them.

SOUTHERN DESTITUTION.

Further accounts from Alabama and Georgia represent the destitution greater than heretofore stated. Deaths are reported from starvation in Alabama, while a leading paper in Georgia estimates the total number starving there at fifty thousand.

FREEDMEN PROVIDED FOR.

Since March 1st, two hundred and twenty-six freedmen from the District of Columbia were provided with homes in the Northwest and South.

THE TREASURY THIEF.

A. F. Lee, the Treasury clerk, who absconded with $38,000 in Treasury bonds, has been brought to Washington, and has made a full confession, averring that the theft was not premeditated, but that he had been drinking when he committed it. All the money was recovered except $800.

GOV. MORTON HEARD FROM.

Governor Morton, in a speech last night to secessionists, spoke in favor of the Military Reconstruction bill. He hoped the President would execute the law in its letter and spirit. The South would make a great mistake if they refused to abide by this law. There might be delays in reconstruction, but he anticipated that in two years the South would be admitted to all its rights and fraternal feeling exist everywhere.

Speaker Colfax being called for endorsed what the Senator said about reconstruction. Congress had opened a door to restore the Southern States to their civil and political power, but Congress has said to them, you shall come back clothed in new robes of liberty and justice. You shall be led by faithful Unionmen, whom you despised in your fancied triumph of a miserable Confederacy; and the friends who listened to him would say, as the country would say, those who love the flag shall rule the country.

*[*From Evening Chronicle Dispatches.]

The President has nominated Ex-Senator Cowan for Minister to Austria, and General Bartlett to Sweden. Both will be rejected.

A large number of minor appointments will be sent to the Senate on Monday, including a number of Railroads.

There is quite a struggle going on for the United States Marshalship of Louisiana, in place of McKee rejected. No nomination has been made. The candidates are General Herron, Generals Thomas, Kirby Smith, Messrs. Bullitt, Murphy and Gourmski.

It is absolutely certain that Congress will remain in session until the Impeachment, and other important matters, are so arranged that they can adjourn over to November next. It is stated that the President has promised to send to the Senate, all names upon which the Senate did not take final action.

There are now nearly one hundred and fifty internal revenue offices without heads.

It is reported that Hon. Montgomery Blair will be strongly supported for the Maryland Senatorship. His friends are vigorously at work, and since the recall of the law requiring Senators to be elected alternately from the Eastern and Western Shores, his nomination is not considered improbable.

The Judiciary Committee have agreed that the taking of evidence relative to the impeachment should be proceeded with at once.

There is trouble about reconstruction in Virginia. The ex-rebels, for some reason, are anxious to proceed, but the Unionists say the present Legislature has no right to call the Convention. They question who has the right. This can be decided only by the adoption of Mr. Kelly's resolution, now before Congress.

[The Special to New York Papers.]

The *Times'* Washington specials says: A deputation of prominent Virginians are in Washington for an interview with the President and Attorney General, and to obtain from the latter a decision authorizing the Military Commandants to appoint the Judges of Election for Delegates to the Convention provided for under the reconstruction bill.

Judge Ould, who denounced in the Virginia State Senate the proposition to call the Convention, and all its supporters as traitors to the South, is one of the delegation. The proposition passed both Houses, notwithstanding the opposition. This delegation seek to get control of the appointment of the Judges of the election, so as to influence the choice of officers.

The selection of military commanders for the Southern States has not yet been made. It is not true that General Grant has recommended Generals Sheridan, Sickles and others. General Sickles is not eligible, as he is not in the regular army as Colonel.

A *Times* special says: General Fullerton, now Postmaster at St. Louis, who has been dodging the subpœnas of the Judiciary Committee in the impeachment matter, for about a month, is to be brought to Washington by an officer.

The *Tribune's* special says: The President yesterday returned to the Senate the name of Mr. Cowan, for Minister to Austria. It was not rejected, but laid on the table. His friends assert that he can be confirmed. The name of Mr. Bartlett, Minister to Stockholm, was also sent in. Senator Sumner will oppose his confirmation.

The Republican caucus last night. The Senatorial caucus last evening it was agreed to continue in session until the President had acted upon the Military Reconstruction Law and then adjourn.

[SUNDAY DISPATCHES.]

WASHINGTON, March 10, 1867.

MR. WILSON'S REGISTRATION BILL.

Senator Wilson's bill supplementary to the act to provide for the more efficient government of the Rebel States, by providing for the registration of every voter in each military district, through the commanding general, for conducting elections for delegates to constitutional conventions, and for other purposes, preliminary to the admission of Southern Senators and Representatives into Congress, meets with the concurrence of leading Southern men now in Washington as absolutely necessary to carry out the intent of the Reconstruction act.

NOMINATION OF MINISTERS.

The Senate Committee on Foreign Relations, it is said, made an adverse report on the nomination of Reverdy Johnson Minister resident at Brussels, as Envoy Extraordinary and Minister Plenipotentiary; also an adverse report on ex-Senator Cowan's nomination to be Minister to Vienna.

FRANCE AND MEXICO.

The United States Minister, under date of Paris, February 19th, writes to Secretary Seward, there is much good feeling expressed towards the United States, at the announcement of the withdrawal of the Mexican surprise contained in the armed exposition. The condition of the Empire, presented by the Government to the Senate, is a true index of the general feeling which exists there on both subjects.

The following is a translation of that part of the Exposition in reference to Mexico:

We need not recur at this time to the necessity which led us to undertake the expedition to Mexico. We sought redress for grievances of every description and for long years had suffered, and animated by that generous sentiment which will always induce France to lend her powerful hand to whoever she shall be led to carry her arms, we did not refuse to unite in an attempt at regeneration. Mexico, however, has not profited; but in lending co-operation to this work, the Government of the Emperor had assigned beforehand to its sacrifices, and the Emperor had fixed the end of the present year as the extreme term for our military occupation. The evacuation was to have been made in three detachments, the first leaving in the month of November, 1866, the second in March, and the third in November, 1867. These arrangements, conformable to our previous intention, had been concerted with the Cabinet of Washington, and anything which had partaken of the nature of external pressure should only have compromised the dignity of ourselves of prolonging a state of things which we wish to abridge. Reasons arising out of our military situation determined the Emperor to modify the first arrangement by substituting for the partial evacuation at succeeding periods the concentration of the expedition home of the whole *corps d'armee* in the spring of the present year. These measures are now in course of execution. In the months of March next our troops will have left Mexico. Far from desiring to free itself from engagements which it has contracted on this account, which it has publicly announced, the Government of the Emperor will hasten their full fulfillment.

An Investigating Committee in Town.

At two o'clock on Saturday morning, a Legislative Investigating Committee arrived in this city, from Harrisburg. Their appointed duty was to inquire whether the Pennsylvania Railroad Company discriminates in the tariff for freight between this city and Philadelphia. The Committee consists of Messrs. Colville, of Allegheny; Quigley, of Philadelphia; Mowry, of Montgomery; Pennypacker, of Chester, and Woolward, of Erie; and is attended by William Evans, Esq., Assistant-at-arms of the House. The Committee held a meeting Saturday afternoon at the Monongahela House, and examined a number of witnesses. We understand that no witnesses were found who could swear to anything confirming the statements which had been previously made. Some of these stated very distinctly that the Company does discriminate, but could not tell how. The members of the Company have denied it.

The Atlantic and Great Western Railroad is to have its affairs investigated at Meadville. The Committee will be attended by a Legislative Committee. This Committee will consist of Messrs. Josephs, of Allegheny; Harlan, of Mercer; Hall, of Allegheny; Chase, of Armstrong, and De Haven, of Philadelphia; and will be accompanied by Messrs. Sowden and Hall, Sergeants-at-arms. The Committee was expected to arrive here on Saturday, but on account of the illness of one of the members, the time of its labors was postponed until the time mentioned.

Kane & Druit, Allegheny.

Kane and Druit, wholesale and retail druggists, corner of Federal and Lacock streets, Allegheny city, announce that they are prepared with a fresh stock of drugs, chemicals and paints, for the opening of Spring trade. Their stock has been selected with the greatest of care and nothing but pure drugs, such as will give satisfaction are are kept. It comprises all pure drugs and chemicals; and medicines compounded are warranted to be of proper strength and purity. The firm deal largely in White Lead, red lead, litharge paints, oils, varnishes, dye stuffs, window glass and putty. spices, perfumery, benzole, carbon oil, &c. We commend this house to the patronage of the public.

Notice To Prosecutors.

It will be well for prosecutors in the Criminal Court who have cases which have not yet been acted on by the Grand jury, to bear in mind that their presence before the said Grand jury is not by any means to be dispensed with, but that they must, unquestionably appear in the jury room. Assistant District Attorney Riddell, has been very properly answered, during the present term of Court, by the failure of prosecutors to appear. He is determined that a change shall be introduced, and that prosecutors shall be instructed that absent themselves, strinecut measures will be adopted to compel their presence.

District Court.

Trial list for March 11th, 1867.

The following cases are set down for trial in the District Court as follows: Nos. 113, 115, 116, 117, 121 and 123 to be taken up on Monday morning, the 11th inst., at 10 o'clock.

THE BUTLER COUNTY HOMICIDE.

Trial of J. B. Adlington for the Murder of Sydney B. Cunningham and James H. Peeples.

SECOND DAY'S PROCEEDINGS.

Before Judges McGaffin, Cummings and Garvey, in the Court of Oyer and Terminer of Butler county, Friday, March 8th, 1867. The prisoner was brought into Court by the Sheriff.

John M. Thompson, Esq., on behalf of the defendant, asked leave to file the reasons for his motion to quash the array of jurors, which was granted. He also asked leave to file the affidavits of the officers of the Court, relative to the return of the *venires*, which was refused by the Court as *ex parte*; but permitted the officers to be sworn and give testimony.

F. M. Eichman, sworn.—I have been clerk of this Court since December, 1865, and am still clerk; I issued three several papers purporting to be *venires*, which were delivered to the Sheriff; I have not yet been furnished with a list of grand or petit jurors, for March Term, 1867, by the Commissioners or any other person. There never was a list put up in my office by authority; a printed copy of the jury list signed by the Sheriff in print was stuck up; the Sheriff filed his return to the *venire* on Thursday last, and it was marked as of that date; it was not filed until after the bill of indictment had been found by the Grand Jury.

Cross-examined—I have a minute book containing the names of the Grand and Traverse jurors; this is the book; I made the record contained in it. Record exhibited, showing a list of the Grand and Petit jurors for March term, 1867. On Monday morning last, at the opening of the Court, I called over this list of Grand jurors; those present and answering to their names were marked as such, and those who were not present as such, and acted as such. The list of Grand jurors attached to the writ of *venire* is the same as the record contained in the minute book of the Court. They were called over, sworn and charged by the Court in the usual manner; they found bills and were discharged, which were duly recorded. They were discharged, certified and paid off as Grand jurors.

Mr. Thompson, for defendant, said they made no objection to the manner in which the jury acted, they admitted the proceedings were regular, but objected to the legality of the jury in the first instance, prior to their being sworn and charged.

Mr. Mitchell, for the prosecution, then offered the record of the traverse jurors, and compared it with the panel annexed to the return, and there were several discrepancies in the names, but Mr. Eastman (the Clerk) said they had all answered to their names when called from the minute of the Court.

Direct—I state that on each Grand jury list which I made out I made a memorandum in pencil opposite the names of those who were not present and answered to their names, and acted as jurors.

Direct—I took the list from the public newspapers; I had no other means of knowing who were the jurors; neither the published list nor the record is in alphabetical order; I selected the districts from which the jurors came.

Cross-Examined again.—I received an order directed to me, signed by the President Judge McGaffin, in open Court, but none from any quarter relating to the Grand Jury.

Sheriff Story called and sworn.—I am Sheriff of Butler county. These papers, purporting to be *venires*, were placed in my hands; I made no return to them until the 7th instant; until after the Grand Jury had been dismissed; I gave the *venires* to Mr. Negley, because of the absence, on the first day of Court; they were handed back to me by the President Judge of the Court, on Wednesday when their time had expired; I proceeded again there was no panel or jurors annexed to them. The panel was given to me on Thursday by the Commissioners there never was a list of jurors put up in my office.

Cross Examined.—The list annexed to the Traverse Jurors differs from that annexed to the *venire*; in that the latter gives the occupation of some of the jurors, and the former does not. The lists were made by the Commissioners, nor is any other list; it has not been customary for them to sign it for jurors. There is no law or custom requiring its publication; it was signed by the sheriff.

John B. Butler, sworn—I am a printer; worked at the *Herald* office in January 1867; set up the type of the list of Grand and Traverse Jurors for March Term, 18 7; this is the list furnished me as copy by the *Herald* newspaper containing the publication.

The Pittsburgh Gazette.

MONDAY, MARCH 11, 1867.

TAXING COAL.

Almost from the beginning of the Traffic in Coal in this Commonwealth, thinkers among our citizens have perplexed themselves with the possibility of making it defray the whole or the larger part of the Public Charges. It was soon discovered that the traffic would necessarily expand to such a volume that an excise duty of a few cents a ton upon the whole amount mined, or even upon so much thereof as should be transported across the borders, would yield revenue sufficient to cancel, in a few years, the Funded Debt, and thenceforward make all other levies unnecessary.

It has frequently been suggested that a tax of ten cents a ton should be laid on all outgoing coal. Against this proposition has steadily risen up that clause of the National Constitution which confers on Congress the exclusive right to "regulate trade between the several States," as well as with foreign countries. New Jersey has managed, in its bargain with the Camden and Amboy Railroad Company, to make citizens of other States, who journey through its territory, pay its entire expenses. But the two cases are not entirely analagous. A tax on coal outgoing from Pennsylvania, would certainly be declared unconstitutional and void.

Coal is now so generally used for fuel within the State, that a tax on the whole production would operate about as evenly as most other forms of assessment. The Legislature has clearly the power to impose and collect such a tax. It would yield a vast income. Is such a tax expedient? That seems to be the main question.

Pennsylvania has not a monopoly of the Coal Trade, either East or West. Already considerable competition is experienced from Maryland. Under the pressure of Internal Taxation and increased wages resulting from a mischievous expansion of the currency by irredeemable paper money it has been found necessary to demand additional duties on foreign coal, which demand has not been complied with, and will not be for some months to come, at least, if at all. On the Illinois side of the Mississippi, midway between St. Louis and Cairo, large masses of coal exist fully equal to the best bituminous in Pennsylvania. A New York Company has constructed a railroad from a point six miles west of Carbondale, on the Illinois Central Railroad, down to the Mississippi river, and have commenced delivering coal in large quantities, designing to contend for the trade all the way to New Orleans. Other enterprises, of like sort, have been projected, and will soon be executed.

Those branches of productive industry in Pennsylvania, which involve the consumption of coal, in large quantities, are not in a condition to carry a fresh assessment on that commodity. In prosperous times no embarrassment would result from it; but, in the existing complications it would prove ruinous.

Nor are the proprietors of collieries, whether corporate or individual, in a situation to find a levy of this sort comfortable; unless, indeed, it is insisted they can afford to pay it out of the large profits of former years. The coal trade is decidedly depressed. High prices and uncommon profits, during the war, stimulated production. Last year the excess, in anthracite alone, over the preceding year, reached more than two million tons. The excess this year, over last, will be very great. The overstock has reduced prices to a low figure, and the tendency is still downwards.

All the railroad and canal companies, largely engaged in carrying coal, graduate the charges for freight, measurably, if not absolutely, according to the price it commands. The idea is that when coal is high, and affords an unusual profit, the transporting companies shall be indemnified for low charges during unpropitious seasons. The look now is that coal will be low for a succession of years, and never go back to the prices of two and three years ago.

The imposition of a tax on coal, at this time, therefore, would be specially injurious to our manufacturers, to all companies or individuals engaged in mining coal, and to all canal and railroad companies engaged in taking it to market. It may be that some, or all, of these parties, as accounts from Harrisburg aver, are urging the passage of a tax bill to this end; but we do not believe it. Men are pretty certain to look out for their own interests; and the manufacturers, coal producers, canal and railroad men, are not commonly reputed to be fools. Representatives from counties in which no coal is mined and little used, may favor a special tax upon it; but we apprehend a large majority of the members will not consent to the proposition.

SIGNIFICANT.—MARSHALL B. BLAKE, Collector of the Seventh District, New York, was removed because he could not support the President's Policy, at the time that functionary was "kicking" such men out of office. The Senate not having confirmed the appointment of his man, he sent in the name of Mr. BLAKE on Wednesday, thus restoring a good officer to the place from which he had been thrust only for opinion's sake.

THE Legislature of Louisiana gives unmistakable evidence of a determination to resist the late act of Congress for the reorganization of the Southern States. A bill has passed over the Governor's veto calling a State Convention, and declaring that those shall vote, and no more, who are authorized so to do by the existing Constitution. Fears are entertained of a repetition, at the election, to be held to-day, of the July troubles.

THE Commissioners of the Marina and Monongahela Navigation Company, acting under a late act of the Legislature of West Virginia, will to-day open, at Morgantown, subscription books for stock. The design is to put in dams the coming summer, so as to extend the navigation of the Monongahela to that town.

THE Loyal League is rapidly spreading itself throughout the Southern States. In Georgia there are thirty thousand members enrolled, while Alabama contains nearly one-third that number. There is not a Southern State but contains hundreds of the League Lodges.

IT is reported that Secretary McCulloch will resign about the first of April, and establish at London, in connection with Jay Cooke, an American Banking House.

THE inadequacy of the two existing State Prisons has led to a project for a third to be built at Harrisburg.

EX-GOV. POLLOCK is brought forward as a candidate for the Supreme Bench.

It is apparently reduced to a certainty that Congress will remain in session some weeks longer; but that no important financial measures will be acted on.

THE retail business, and the jobbing trade to some extent, of this neighborhood, has greatly revived within a few days past.

GENERAL NEWS.

—Gen. Joseph E. Johnston is in New Orleans.

—The Jewish population of St. Louis is ten thousand.

—Miss Elizabeth Thackeray, the authoress, is soon to be married.

—Mr. Wade is the forty-second President *pro tempore* of the Senate.

—Alonzo Harvey, an old settler of Chicago, died on Thursday.

—Geo. Peabody says that after his return from London, he shall take up his residence in Salem, Mass.

—J. F. Beecher, aged 55, a tailor, hanged himself to a bed post, in Cincinnati, for domestic trouble.

—L. W. Jerome, of New York, has lost within a short period about $1,000,000 by the decline of Pacific Mail stock.

—It is rumored that John G. Whittier, the poet, is to be married in his old age, to a widow of Philadelphia, with whom he has been in love for thirty years.

—General Gleason, who is now military director of the Fenian Brotherhood, has given a contract for two thousand uniforms to a large clothing firm in New York.

—The unanimous opinion of the London clubs is "that the recall of Mr. Motley from Vienna is disreputable to Mr. Seward, disgraceful to the President, and a misfortune to the American people."

—The *Daily Wisconsin* tells of a man hale and vigorous with a rifle bullet still in his brain, received at the battle of Bull Run. He was in a hospital for a year, but can now swing an ax or scythe with anybody.

—Under the provisions of the naval appropriation bill, passed at the late session of Congress, at least ten thousand employees in the government navy-yards will be discharged during the present year.

—George Peabody, Esq., has added another to his long list of splendid gifts for charitable, educational and scientific purposes, by bestowing one hundred and forty thousand dollars upon the county of Essex, Mass.

—A mot of Prince Napoleon is being repeated in the *soirees*: "The Emperor has twice deceived France—first in 1848, in making her believe that he was a fool; next, in 1865, in making her believe he was a genius."

—Punch sometimes jokes on grave subjects, and in one of its latest numbers represents a little child asking its mother: "Ma, dear, what do they play the organ so loud for when church is over? Is it to wake us up?"

—According to people who have made researches in Egypt, the ancient Egyptians were familiar with the use of iron; for it is shown by the nails in the inner door of the Theben Tomb, constructed at least two thousand years ago.

—In New Orleans, on Thursday, one of the Annunciation street cars ran over a man named W. A. Lannigan, who fell under the wheels from the front platform of the car, severing his head almost completely from his body. He was, of course, killed outright.

—The Hon. Robert C. Winthrop, of Boston, in contributing $300 to the Southern Relief Fund, takes the occasion to write: "I fear that our people are not sufficiently alive to the dangers of starvation which is impending over many parts of the South."

—Leo Hudson's horse "Sensation," was choked to death in Patterson, N. J., last Wednesday night. He got his hind feet over the rope tied across the rear of his stall, and then in attempting to lie down, the halter got under his neck, and being unable to raise himself, he strangled.

COE'S DYSPEPSIA CURE is prepared by the originator of the justly celebrated Cough Balsam. Mr. Coe has never prepared a medical article for public and general use which has stood the strongest tests, and has always borne the palm of victory over every disease it has been certified to cure. Will you who are suffering from dyspepsia, indigestion, nausea, sick headache, cholera, morbus, dysentery, and general debility of the whole system, try just a single bottle? We will never urge you again if we fail in this case. Our own knowledge of its merits the united testimony of all who have ever used it, the unsolicited hundreds of our own neighbors, your duty to yourself, and the beautiful fact, so certain as sunshine, all urgently, persistently urge you to try just one bottle. If what we say is not correct if our statements concerning its wonderful virtues are not found to be true—if you do not say that the operation of the medicine is instantaneous and perfectly wonderful—we will renounce our profession as caterers to the public taste, and receive your bill for admitting that we are incompetent to compound a medicinal preparation which would be entitled to your confidence.

SPREAD THE TRUTH.

Some medical men insist that it is undignified to advertise a remedy, however valuable it may be. Queer reasoning this. It is like saying that an article which the world needs should be hid in a corner—that benefits and blessings may be to widely diffused—that the means of protecting and restoring health should be exclusively, and not accessible to all. The argument is bad. It is worse than that—it is inhuman. Suppose HOSTETTER'S STOMACH BITTERS—an admitted specific for dyspepsia, biliousness and nervous debility—has never been known beyond the circle of a few friends, would the public be the consequence? Instead of caring and invigorating all it has, the good effects of the preparation would have been confined to a comparatively few. There is the highest authority for saying that light should not be under a bushel—that whatever is excellent should be placed where, on a hill, where all men can take cognizance of it. All upon whom the benefits of this medicine have been advertised and continue to be advertised in every newspaper of any prominence in the country, from Maine to Texas, have spontaneous testimonials in its favor have been translated into all the European languages, and the simplest perfect health to-day would be manifested on beds of sickness if the newspapers had not spread the truth concerning its wonderful invigorating and corrective far and wide. Suppose profit has been reaped from this publicity, it has also been conferred. Many a life and many a healthcase been protected; if lives have been saved, if the feeble have been strengthened and the sick restored, *great good has been accomplished*, and he who so much as to grudge to exclaim thus directed their fair reward?

THE HONEY OF WHITE PINE.

With that indomitable Yankee skill and genius peculiar to the people of New England, and worthy of the instinct of the honey-bee only, Dr. GEORGE W. SWETT, of Boston, has compounded a medicine out of the sweet inside bark of the white pine tree, which has a wide reputation in a large variety of diseases of the bladder and kidneys, and mucuous surfaces and membranes generally, called "WHITE PINE COMPOUND."

Dr. SWETT says that it is sweet and palatable, and is readily taken both by children and adults, and was originally known to the aborigines, who so named the forests of those States, and used it in a variety of diseases, especially those of scorbutic character. It is a sure cure for DIABETES, GRAVEL, ENURESIS, BLOODY AND MUCOUS URINE, and the troublesome malady known as albuminurea, or Bright's disease. Those who have tried in vain the various Buchus and diuretics, will find in Poland's White Pine Compound a remedy of superior efficacy and power.

NEW ADVERTISEMENTS.

THE VERY BEST

WATCH

IS MADE BY THE

American Watch Company,

OF WALTHAM, MASS.

We claim, and are prepared to prove, that the American Watches, manufactured at Waltham, Massachusetts, are not only equal, but far superior, to the watches of England, Switzerland, and France. We also claim that they are CHEAPER, MORE ACCURATE, MORE DURABLE, and more easily kept in order and repaired than any other watches in the market.

Because in each one of the very numerous parts of which a watch is made up, we attain, by mechanical power, nearly *absolute* mathematical precision and uniformity, making every watch of any one style a true copy of its model.

This similarity in structure reduces the cost of production; it secures uniformity in results; *infallibly* perpetuates any excellence that may be once achieved, and makes it easy to repair any injury sustained, or replace any part that may be lost or destroyed.

In addition to the mechanical advantages our Watches are simpler in structure, and therefore stronger, and less likely to be injured than foreign watches.

How they run under the hardest trial watches can have, is shown by the following letters:

PENNA. RAILROAD COMPANY.

OFFICE OF THE GENERAL SUPERINTENDENT, ALTOONA, Pa., 15th Dec. 1866.

Gentlemen:—The watches manufactured by you have been in use on this railroad for several years by our enginemen, to whom we furnish watches as part of our equipment. There are now to-day one hundred of them carried on our line, and we consider them a good and reliable time-keepers. Indeed, I have great satisfaction in saying your watches give us less trouble, and have worn and do wear much longer without repairs than any watches we have ever had in use on this road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged good reputation, but as a class they never kept time as correctly, nor have they done as good service as yours.

In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years. Respectfully,

EDWARD H. WILLIAMS,
General Superintendent.
AMERICAN WATCH CO., WALTHAM.

NEW YORK CENTRAL RAILROAD.
LOCOMOTIVE DEPARTMENT, WEST DIVISION, ROCHESTER, Dec. 25, 1866.

Gentlemen:—I have no hesitation in saying that I believe the great majority of Locomotive Engineers have found by experience that Waltham watches are the most satisfactory of any for their uses. They run with the greatest accuracy and steadiness, notwithstanding the rough riding of an engine, and as I have never known one to wear out they must be durable. I hope to see the time when Railway Companies will generally adopt your watches, and furnish them to engineers and conductors. In my opinion it would greatly tend to promote regularity and safety. Yours respectfully,

CHAS. WILSON, G. Chief Engineer.
Brotherhood of Locomotive Engineers.

PENNSYLVANIA

STATE LOAN.

PROPOSALS FOR A LOAN OF

$23,000,000.

AN ACT

To Create a Loan

FOR THE REDEMPTION OF

The Over-Due Bonds of the Commonwealth.

WHEREAS, The bonds of the Commonwealth, and certain certificates of indebtedness, amounting to twenty-three millions of dollars, have been over due and unpaid for some time past; *And Whereas*, It is desirable that the same should be paid, and withdrawn from the market; therefore,

SECTION 1. *Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same*, That the Governor, Auditor General and State Treasurer be, and are hereby, authorized and empowered to borrow, on the faith of the Commonwealth, in such amounts and with such loan, (not less than forty days) as they may deem most expedient or the interests of the State, twenty-three millions of dollars, and issue certificates of loan or bonds of the Commonwealth for the same, bearing interest at a rate not exceeding six per centum per annum, payable semi-annually, on the first of February and first of August, in the City of Philadelphia, which certificates of loan or bonds shall not be subject to any taxation whatever, for State, municipal or local purposes, and shall be payable as follows, namely: Five millions of dollars payable at any time after five years and within ten years; eight millions of dollars, payable at any time after ten years and within fifteen years, and ten millions of dollars at any time after fifteen years and within twenty-five and shall be signed by the Governor and State Treasurer, and countersigned by the Auditor General and registered in the books of the Auditor General, and to be transferable on the books of the Commonwealth, at the Farmers' and Mechanics' National Bank of Philadelphia; the proceeds of the whole of which loan, including premiums, if others, received on the same, shall be applied to the payment of the bonds and certificates of indebtedness of the Commonwealth.

SEC. 2. The bids for the said loan shall be opened in the presence of the Governor, Auditor General and State Treasurer, and awarded to the highest bidder; *Provided*, That no certificate hereby authorized to be issued; shall be negotiated for less than its par value.

SEC. 3. The bonds of the State and certificates of indebtedness, now over due, shall be receivable in payment of the said loan, under such regulations as the Governor, Auditor General and State Treasurer may prescribe; and every bidder for the loan, now authorized to be issued, shall state in his bid whether the same is payable in cash or in the bonds or certificates of indebtedness of the Commonwealth.

SEC. 4. That all trustees, executors, administrators, guardians, agents, treasurers, committees, or other persons, holding in a fiduciary capacity, bonds or certificates of indebtedness of the State or moneys, are hereby authorized to bid for the loan hereby authorized to be issued, and to surrender the bonds or certificates of loan held by them at the time of making such bid, and to receive the bonds authorized to be issued by this act.

SEC. 5. Any person or persons standing in the fiduciary capacity stated in the fourth section of this act, who may desire to invest money in their hands for the benefit of the trust, may, without any order of court, invest the same in the bonds authorized to be issued by this act, at a rate of premium not exceeding twenty per centum.

SEC. 6. That from and after the passage of this act, all the bonds of this Commonwealth shall be paid off in the order of their maturity.

SEC. 7. That all loans of this Commonwealth, not yet due, shall be exempt from State, municipal or local taxation, after the interest due February first, one thousand eight hundred and sixty-seven, shall have been paid.

SEC. 8. That all existing laws, or portions thereof, inconsistent herewith, are hereby repealed.

JOHN P. GLASS,

Speaker of the House of Representatives.

L. W. HALL,

Speaker of the Senate.

Approved the second day of February, one thousand eight hundred and sixty-seven.

JOHN W. GEARY.

In accordance with the provision of the above act of Assembly, sealed proposals will be received at the office of the State Treasurer, in the city of Harrisburg, Pennsylvania, until 12 o'clock, M., of the 1st day of April, A. D., 1867, to be endorsed as follows: "Proposals for Pennsylvania State Loan," Treasury Department, Harrisburg, Penn'a, U. S. A.

Bids will be received for $5,000,000, redeemable in Five years and payable in Ten years; $8,000,000 redeemable in Ten years and payable in Fifteen years; and $10,000,000 redeemable in Fifteen years and payable in Twenty-five years. The rate of interest to be three per cent. per annum, which must be explicitly stated in the bid, and the bids most advantageous to the State will be accepted. No bid for less par will be considered. The bonds will be issued in sums of $50, and such larger sums as desired by the loaners, to be free from State, local and municipal taxes.

The over due bonds of the Commonwealth of Pennsylvania will be received at par in payment of this loan, but bidders must state whether they intend to pay in cash or in the over due loans aforesaid.

No distinction will be made between bidders paying in cash or over-due loans.

JOHN W. GEARY,

Governor of Pennsylvania.

JOHN F. HARTRANFT,

Auditor General.

W. H. KEMBLE,

State Treasurer.

The Pittsburgh Gazette.

MONDAY, MARCH 11, 1867.

METHODIST EPISCOPAL ANNUAL CONFERENCE.

Special Correspondence Pittsburgh Gazette.

MASSILON, O., March 8, 1867.

The session of the Conference was opened this morning with religious services conducted by Rev. Robt. Boyd. This venerable and beloved man of God was one of the first members of the conference, at its organization in 1825. He entered the ministry in the old Baltimore Conference, in 1815. During three years he has sustained a local relation, for seven years he has been on the superannuated list, and for upwards of fifty years has rendered effective service. His presence is a benediction at any Conference. When he is removed from it to his reward, his brethren will mourn him as children would do a beloved father.

But to return to business. Though the Conference is noted for the dispatch with which it transacts business, yet Bishop Thomson has not only "kept up" with the Conference, but has seriously troubled the Conference to keep up with him. Never has so much business been transacted in the same time in the history of the Conference. Though out three morning sessions have been held, yet nearly all the regular business has been transacted, and the appointments fixed. The real work of the Conference will all be finished to-morrow, and the appointments announced on Monday morning as the fact best.

Among the business matters transacted this morning were the granting of Deacons' and Keagle and John S. Wakefield of a supernumerary relation, and to Dr. Samuel Wakefield and Rev. Robert Hopkins a superannuated relation. Both the last named are aged and able ministers, and have long been identified with the Conference. Sadness gathers on many a face as these veterans to retire from the effective ranks.

Report were presented on the following subjects and adopted: Sabbath Schools, the Centenary Fund, Temperance, Tract Cause, State of the Country, Bethel Cause, Memoirs, Education, Pittsburgh Christian Advocate, Sunday schools and Missions.

The report on Education gives very encouraging accounts of all institutions of learning under the care of the Conference, especially the Pittsburgh Female Seminary, Allegheny College, and the College at Mount Union, Ohio. Each of these received more or less of the contributions made during the past year, in the Centenary movements of the Church. One of the resolutions adopted expresses the hope that through the liberality of the Church, and its friends, the Pittsburgh Female College, already occupying a first rank, may become "the foremost school of its kind in the land."

A. W. Butts was transferred to the Missouri Conference. Dr. C. A. Holmes, for twenty years a member of the Conference, goes from the body to the Iowa Conference, the Rev. Robt. Boyd to the Wesleyan University, located at Mount Pleasant, Iowa. Highly complimentary resolutions, signed by a large number of the ministerial members, were presented and adopted by a rising vote. The Doctor's heart was touched by this marked expression of good will, and he made a brief but feeling response.

A deeply interesting Sunday School Anniversary was held this afternoon, and telling speeches were made by Dr. Robinson Kent, Secretary of the Sunday School Union, Rev. R. B. Leonard, of the Presbyterian Church, and Albert L. Long, Missionary to Bulgaria. Tonight the Annual Missionary Meeting will be preached by Rev. William Cox, formerly of your city.

Every one is moving on pleasantly and harmoniously. OLIN.

Discharge of Snyder.

The Easton *Free Press* says: Snyder, the man who had been arrested for the murder of Mrs. Kays, at Stewartsville, was discharged yesterday, after the examination of the witnesses brought from Vineland by officer Keiter, of Easton. The evidence of the two gentlemen was direct, and there is now no doubt of Snyder's innocence. We are told that Snyder was obliged to pay all the expenses incurred by the trip, in addition to the board bill at the hotel at which he was confined. This we have from the best authority, and we pronounce it an outrage to require a man, after he has been arrested, manacled, and taken from home, to pay the expenses of his prosecution. The citizens of Stewartsville, after so acquittal, collected funds enough to pay the board bill, but the fare of the witnesses, their board, &c., will cost him in the neighborhood of one hundred dollars. In connection with the above we think it our duty to mention the conduct of constable Keiter, during the examination of Snyder, Mr. K., when he heard Snyder's statement of his innocence, and how he had been taken from home without a knowledge of the charge against him and wholly without money, at once stepped forward and offered to go in search of the witnesses named, and this, too without remuneration. We cheerfully speak too highly in praise of such conduct.

Engine Exploded.

The Steubenville *Herald* has the following in relation to the locomotive explosion already mentioned by us: Yesterday afternoon Engine No. 14, attached to a western bound freight train on the P. C. & C. R. R., exploded on a side track at Skelly's Station some fifteen miles from this city, killing the engineer, Judd Carr, and severely scalding the fireman, who is known, among the railroad men, as "Egypt Smith, of "Egypt." The train had switched off to avoid a passenger train, and the engineer was under the engine, packing the pump, which had been working unsatisfactorily, at the time of the explosion. He was so badly bruised and scalded that he died in a few minutes. The fireman was standing a few yards from the engine and escaped, almost miraculously, the shower of iron. His scalds, though severe, are not considered dangerous. Mr. Carr was a young man, and had been married but a short time. His body was taken to Port Washington, his former residence, for interment. The engine was a total wreck. Many large and heavy pieces of iron were blown hundreds of yards from the scene of the catastrophe.

A Military Post in the Coal Regions.

The Tamaqua *Journal* suggests that in consequence of the innumerable outrages that are almost daily committed by the lawless desperadoes who infest the Anthracite coal regions, whether it would not be advisable to establish a military post in those regions, instead of the one now at Carlisle. There can be no question but that life and property would be more secure in those regions, and that evil doers the fear of a military force ever before their eyes. As the transfer of the military companies from Carlisle to the coal regions would not subject the Government to any additional expense or inconvenience, we think the matter of at least sufficient importance for due consideration.

Kicked Out.

The possessor of the manifold mysteries which were hopelessly buried when the Allegheny *Times* went under—Joseph E. Robinson, Esq., has made a plain enough statement to Ald. McMasters. On Saturday he made information before that magistrate, in which he charges George E. Coulfrate, Esq., of the law firm of Moffat & Cochran, with assault and battery. A warrant for the arrest of the accused was issued and placed in the hands of officer Seth Wilmot. According to the statement of the complainant, it would appear that Mr. Moffat went to the company Saturday, during the office in charge of Robinson. Shortly afterward the accused entered and summarily kicked him out, beating and abusing him. We may be able to furnish some interesting particulars in a day or two."

Hand Street.—This street, from the bridge to Liberty street, is a great thoroughfare, and ought to be kept in good condition. We long ago laid the suggestion of the proper authorities to the bad condition of the sidewalks in many places, and on both sides. In several places the pavements are broken up and in most places are rough and uneven, rendering it difficult and unsafe to walk along in the night. That section of comparatively narrow and rough plank walk on the east side has been tolerated about long enough.

Re-elected.—We are pleased to announce that our esteemed business fellow citizen, Mr. R. A. Schnabel was unanimously re-elected at a late meeting as Superintendent of the Pittsburgh National Coal and Coke Company. Mr. schnabel has managed the affairs of the Company with marked ability, and under his administration the corporation has grown very popular with the community.

Oil City as a County Seat.—The Oil City folks are going into the work in active earnest to secure the removal of the county seat of Venango to their town. Petitions embracing over four thousand names of voters are now in Harrisburg, and a large number of prominent citizens are in the lobby working very energetically. The Franklinites must look to their laurels.

Badly Burned.—On Tuesday evening the Sherman well No. 3, Lockwood lease, commenced throwing oil, water and gas. Mr. Macune, went out to the derrick with a light to examine it, when the gas took fire and exploded. Mr. Macune was thrown to the ground, and his flesh seriously burned. His recovery is doubtful.

Will Report.—The liquor bill Investigating Committee of the Legislature, appointed to examine into the charges of bribery made against the Allegheny county members, last session, will report next week. The charges will not be sustained.

Railroad Rolling Stock.—The North Pennsylvania Railroad, at present, has twenty-three locomotives running, which represent a value of $400,000. The Lehigh Valley Railroad has ninety engines, valued at $1,200,000

From Gildeafuny.—We have received from W. A. Gildeafuny, No. 45 Fifth street, the current number of the Galaxy and Bellou's Dollar Monthly. Both are for sale at his counter.

Tidioute.—The Tidioute *Journal* expresses fears that they will soon be overrun with thieves and bullies of the worst stamp. A vigilance committee has been formed.

The Good Work.—A division of the Sons of Temperance was organized at Manch Chunk on Friday last. Nearly fifty names were affixed to the pledge.

Nearly Everybody in Allegheny is pleased with the project to beautify the Common Grounds.

Birmingham Nominations.

The Republicans of the borough of Birmingham, at a called meeting, on Friday evening last, nominated for borough officers, the following candidates, to be voted for on Friday next:

Burgess—Andrew Burtt,
Justice of the Peace—M. B. Hartzell.
Assessor—John Bishop.
Assistant Assessors—H. Gruntz, William Gribben.
Council—Conrad Vogley, H. Meisterfeld, (first precinct); G. Duncan, John Adam, F. Hindle, (one year), second precinct.
School Directors—W. C. Aughinbaugh, Thomas Danks.
Constable—Fred Kaufield.
Judge of Elections—James McDonald, 1st precinct; Wm. Graham, 2d precinct.
Inspectors—David Jenkins, 1st precinct; David Jones, 2d precinct.
Return Inspectors—Hamilton Burnett, 1st precinct; Thomas Bishop, 2d precinct.

The Democrats have not yet made any nominations.

A Disorderly Case.

On Saturday night Daniel Grogan, a notorious character in the Eighth ward, became drunk, and while in the New Idea Saloon, on the corner of Pennsylvania Avenue and Pride street, was attacked, as he says, by Harry Bowman, with whom he had a fight. He was captured by officers Kidd and Day and with considerable difficulty taken to the lock-up. When put in the cell he manifested the greatest degree of ferocity such as are not often seen even in that place, yelling, howling and tearing about more like a goblin than a human being. Yesterday morning, in default of three dollars with which to pay his fine he was sent to jail for five days.

Overstocked.—It is said that the Southern markets are overstocked with coal, and that there is no money in shipping it from this part just at this time.

Crude Petroleum is at a very low figure just now, from over-production, and speculators are diving in for chances to operate.

The Bankers charge money with being tight, and it is difficult to obtain discounts except upon first-class paper.

Real Estate still commands very high prices here, much out of proportion in comparison with other cities.

FOR SALE.

FOR SALE.—A Farm of about 58 acres in Union Township, Allegheny county, Pa., situate about four miles from the city on the Washington Pike. The improvements are a large two story brick Dwelling House with 12 rooms, a two-story Spring House, a Carriage House and other out-buildings, with a good Orchard in fine bearing condition. This place is also all underlaid with coal.

Also, 12½ acres adjoining the above, unimproved, for sale low. This place is also all underlaid with coal.

The above three pieces of property lie between the Little Saw Mill Run and Steubenville Railroad, and the coal can be reached easily from either road. The coal alone is worth all that is asked for the entire property.

Also, Farm of 17½ acres, situate in St. Clair township, Westmoreland county, Pa., immediately on the line of the Pennsylvania Railroad. Improvements are a two-story Frame House with five rooms and good cellar, a Frame Barn of the 40x60 feet, and other out-buildings. There is on the place a good Young Apple Orchard; 15 acres cleared, balance in good timber; fencing and fields in good repair; well watered; underlaid with coal and with fire brick; convenient to churches, mills, schools and railroads. The property such as stock, implements, &c., will be sold with the farm if desired.

Also, a Farm of 147 acres situated in Penn township, Westmoreland county, Pa., adjoining Grapeville Station, on Penn'a. Railroad, on which there is a good Two Story Frame House and Stable, a Bank Barn, Carriage House, and other outbuildings; an excellent Orchard of different kinds of fruit trees; 40 acres cleared, there is also 30 acres of timber; all under fence; well watered; in good order, producing 2 bbls. per day. This property is offered very cheap and on easy terms.

Also, a Farm of 125 acres, situated in Conemaugh township, Indiana county, Pa., about 2½ miles from the West Penn'a. Railroad, at Livermore Station. The improvements are a good Two Story Brick House, with six rooms, a double Porch and old Log Barn, Spring House. All at 150 acres cleared, the balance in timber. In timber are the oak, poplar and chestnut. This farm will be sold very low, the owner wishing to go west. Possession immediately.

Also, a Farm of 274 acres, situated in Centre township, Indiana county, Pa., about 8½ miles from the Blairsville Intersection on the Pa. Railroad. The improvements are a good Two Story Brick House, with six rooms, a Cellar, a No. 1 Frame Bank Barn, 60 x 40, a fine Apple Orchard with a variety of different kinds of fruit, all in bearing condition. Spring never failing; well watered. About 160 acres cleared. The residue in good timber land, and a good deal of it thinned out. The whole of this farm. A portion of the purchase money will be taken for well located property in Nebraska. The property will be sold on the 10th of March, and will be sold at the low price of 25 dollars per acre. Possession on the 1st day of April, A. D. 1867.

Also, An excellent Farm of 180 acres, of which 150 acres are under cultivation, situate in Christian county, Illinois. Improvements—a new frame dwelling containing 8 rooms, about 40 fruit trees, a never failing well, &c. It lies within 3 miles of the Illinois Central R. R., will be sold on reasonable terms, or will be taken in part exchange if desired.

Also, 10 lots in southern suburbs of Chicago, each 50 feet front by 150 feet deep, in subdivision of lots. These lots lie one mile North of the junction of C. R. I. & P. R. R. and the Pittsburgh, Fort Wayne and Chicago R. R., just 9 miles from the Court House, near Lake View. Beautiful grounds, and will be sold for cash.

Also, a Farm or 80 acres in Penn township, Westmoreland county, Pa., about 2 miles from Wendel Station on the Pa. Railroad and under cultivation, 32 acres of first-rate white oak timber, the balance in meadow and pasture. A 2½ stories, the only house, with a tenant house, with a fair young orchard of grafted fruit. The land is rolling; every acre is tillable, with lime stone in every field. Will be sold on reasonable terms, within one hundred rods of the Penn. Central railroad; 2 miles east of Pittsburgh, and three miles west of Greensburg. This farm is pleasantly situated in a good neighborhood; is well watered and underlaid with coal. The title is good.

Also, a farm of 100 acres, situated in West Wheatfield township, Indiana county, Penn'a, about 2 miles from Saltsburg, on the Pennsylvania Railroad. The improvements are a good two-story Brick House, with 6 rooms and a No. 1 frame Bank Barn, with all other necessary out buildings. The title is good, and the price very low, and terms easy.

Honorably Discharged.

Our readers will remember that one day last week J. McNulty made information before Alderman McMasters, charging G. L. Irwin and J. W. Langdit, conductor and driver of car No. 3, on the Citizens Passenger Railway, with aggravated assault and battery on Thomas Dalbus. A hearing was had in the case on Saturday, which resulted in the honorable discharge of both the accused. Several of the passengers on the car—men of respectability and credibility, were examined and all testified that the man injured was exceedingly drunk, vomiting not only out of the window, but upon the seat and upon the floor of the car. The conductor and driver were only performing a manifest duty in putting him off the car, and were doing it without any undue violence. The injuries the man received were alone caused by his own violence and resistance. At the conclusion of the hearing, the defendants were, as we have said, honorably and justly discharged.

The Boot on the Other Leg.

We noticed a day or two ago that George Oxley, of Lower St. Clair township, had prosecuted John Schaake, George Link and Joseph Hanniban, before Alderman McMasters, charging them with assault and battery with intent to kill, the alleged assault having been committed on the 9th of August last. *Per contra* Mrs. Margaret Schaake on Saturday appeared before Justice M. Hipp, of Birmingham, and charged Oxley with surety of the peace. Her husband, John Schaake, also made information and bail before the same magistrate charging Oxley with malicious mischief, asserting that the defendant broke windows at dement's tavern, in Lower St. Clair township. The accused was arrested, and after a hearing was committed to jail to answer at Court.

Money Stolen at the Opera House

At the Opera House on Friday night, Lieutenant Commander L. D. Frost, U. S. N., had his pocket book, containing two hundred and fifty dollars, stolen from his pocket. The money was in an inside breast pocket of his coat, and the inks it was taken while coming out, at the close of the performance, as he recollects that he was twice rudely jostled, although he paid no attention to the matter at the time. Mr. Frost thinks a man who ran against him; the crowd being great, he attributed the jostling to that fact, thinking it purely accidental. He thinks differently now.

Committed for a Hearing.—We have already stated that Thos. Hughes had been arrested by the Mayor, charged with a charge of aggravated assault and battery, preferred by John Deingleden. Hughes had a partial hearing on Saturday evening, and in default of one thousand dollars bail was committed to jail for a further hearing on Wednesday next.

Committed and Released.—Peter Delaney, charged before Mayor McCarthy, on oath of Kate Reilly, with aggravated assault and battery, had a hearing, on Saturday evening, and in default of $1,000 bail, was committed to jail to answer at Court. Subsequently he obtained the necessary bail and was released.

Sent to Jail.—We stated a few days since that Tony Snyder had been accused, before Alderman McMasters, by C. Lawson, a colored man, of aggravated assault and battery upon Washington Miles, a nephew of Lawson. Snyder had a hearing on Saturday, and in default of bail was committed for trial.

Disorderly House.—H. Ebery, living on St. Clair's Alley, was arraigned, charged before Alderman Morrow on Saturday, and made information against Catherine Long, *alias* Hampton, charging her with keeping a disorderly house in Ebery's alley. The accused was arrested and held for hearing.

Committed.—Daniel Fox cock, Scott Ward and John Fleming, the three men arrested for stealing a chicken from the property of W. C. Dodds, on Pouney's ank avenue, had a hearing on Saturday before the Mayor, and in default of said bail each, were committed to jail to await their trial at Court.

A Chimney Fire.—The burning of a chimney in the rear of Hoffman's drug store, on Wood street, between First and Second, occasioned the alarm yesterday afternoon from box No. 13.

Illegal Liquor Selling.—Arthur Donnelly, on Saturday, made information before Alderman Nicholson, charging James Moran, of the Diamond, with selling liquor without license. A warrant was issued.

A Safe Guard.—When you are in a crowd turn your pockets round inside your trousers, in a twist, which will prevent a most unkind folks from getting their fingers in at the contents.

To be Graded.—It is stated that Grant's Hill on Diamond Alley will be graded away at an early day.

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, SATURDAY, March 9, 1867.

The following are the New York stock quotations for to-day: Gold, 134⅞; 1881 bonds, 108¾; Five Twenties, old, 106; Five Twenties, '65, 107¼; do new, 106¼; Seven Thirties, 106⅝. Michigan Southern Railroad, 71⅜; Cleveland and Pittsburgh, 81½; Pittsburgh, Fort Wayne & Chicago, 94⅜; Erie, 55; Chicago and Northwestern, 24½; do preferred, 62¾; New York Central, 10[illegible]; Chicago and Rock Island, 95¾.

—The public debt exhibit for March, compared with that of February, shows an increase in the debt bearing coin interest of $44,700,650. The debt bearing interest in currency show a decrease of $32,613,900. The matured debt not presented for payment has decreased $1,241,705, and the debt bearing no interest $6,057,275. The total debt, exclusive of money in the Treasury, shows an increase on the amount stated on the 1st of February of $1,383,749. Including the cash in the Treasury, the debt during the past month has been reduced $12,585,558. The gold in the Treasury increased during the month from $97,351,093 to $107,271,031, a gain of $9,919,427, and the currency from $15,069,187 to $52,352,358, a gain of $37,283,180—showing a total increase in the Treasury of $47,339,608. The statement as compared with with corresponding date last year, less amounts in the Treasury, shows a reduction of the entire debt in one year of $[illegible],086,110. At this rate of payment, says the Philapelphia *Ledger*, the entire debt could be wiped out in about fifteen years.

—The following is the of the new interest law which passed the Massachusetts Legislature:

SECTION 1. When there is no agreement for a different rate of interest of money, the same shall continue to be at the rate of $6 upon $100 for a year, and at the same rate for a greater or less sum, and for a longer or shorter time.

SEC. 2. It shall be lawful to contract to pay or receive discount at any rate, and to contract for payment and receipt of any rate of interest; provided, however, that no greater interest than 6 per centum per annum shall be recovered in any action except when the agreement to pay such greater rate of interest is in writing.

SEC. 3. Sections 3, 4 and 5 of Chapter 350 the General statutes, and all acts and parts of acts inconsistent herewith are hereby repealed.

SEC. 4 This act shall not effect any existing contract or action pending, or existing right of action, but shall take effect on the first day of July next.

—We have frequently explained the cause of the different quotations for five-twenties as quoted by Brokers here and in the European markets, and in answer to numerous inquiries we again repeat what we have previously said. The fact is that, notwithstanding the millions in the market in London, Frankfort and Paris, they are practically the same when reduced to our own money, or within 1⅝@⅝ per cent of each other—less than the usual daily or per cent daily fluctuations between the three markets. 1. In London the quotation of 74 per cent is in sterling money, and equals, at four dollars, 44 cents and 4 mills to the pound sterling. To this quotation should be added 2 per cent for interest on bonds, selling up the pound sterling to 4 dollars and 84 cents, gold value, custom house rule in the United States. The 74 per cent includes the accumulating interest, but not the interest in gold. 2. In Frankfort 77 per cent is on the basis of 2½ florins to the dollar, and to this is to be added the accumulated interest on the bonds since the 1st of November. 3. In Paris the quotation is 83 per cent, on the rule of the Paris Bourse that the dealings in United States bonds are for francs to the dollar, whereas the value of 5 francs here is less than a dollar, as the value of the pound sterling is greater here than on the London rule. In Frankfort, the Paris quotation includes the accumulating interest.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, SATURDAY, March 9, 1867.

The produce markets have been moderately active during the past week, the volume of business in the aggregate, being larger than for some weeks past, still there is yet room for improvement. There seems to be a better feeling in commercial circles, and it is to be hoped that the difficulties now existing may be amicably adjusted, so that our foundries and rolling mills will soon resume operations again.

GRAIN—Wheat is quiet, but held firmly at $2.30 for No 1 Spring, and $2,85 for prime Red Winter. Sale of car Rye at $1.06. Barley is in demand, and No. 1 is wanted readily at $1. Corn is dull but unchanged. Sale of 1 car Oats at 48½—small sales at 50 to 52.

FLOUR—Is firm and in rather better demand but unchanged. We continue to quote at $12 to $12.50 for good to choice Spring Wheat brands; $13@14 for Winter Wheat, and $18 to $17 for fancy brands. Rye Flour, $7 to $7.50, and Buckwheat $5.50 to $6.50 per bbl.

PROVISIONS—Bacon is steady and unchanged. We now quote at 9½ to 10 for shoulders, 11½ to 11¾ for Ribbed Sides, and 14½ to 15 for Sugar-cured hams; steady but unchanged at 12 to 12½ for steamed, and 12½ to 13, for kettle. Mess Pork is $23.50@24.

BUTTER—Continues excessively dull, with liberal receipts, and a supply largely in excess of the demand, but unchanged. We can report sales at 25 to 28 for good to prime, and 30c to 32c for strictly prime to choice.

EGGS—In rather better demand, notwithstanding the receipts are large. We can report regular sales at 21 to 22.

HAY—Prime Hay is in rather better demand, while common and inferior is almost unsaleable. Sale of 2 cars prime at $22.50.

SEEDS—Cloverseed is rather firmer but unchanged—small sales at $5.50 for prime. Timothy Seed is selling at $3 to $3.25. Flaxseed is in steady demand at $2.85.

APPLES—Are dull and unchanged. Regular sales in store at $2.50 to $3 for common to fair, and $3,50 to $4 for prime to choice.

POTATOES—Sale of 40 bbls common, in small sized barrels, at $2.25. Prime Peach Blows are selling at $2,50 to $2,75 per bbl, as to quality.

OIL—Lard Oil is steady and moderately active at 99 to 99c for No. 2, and $1,10 for No. 1.

DRIED FRUIT—Is dull, and round lots could probably be bought at a decline. In a retail way prices remain unchanged.

BEANS—Are selling in a regular way at from $2,50 to $2,75 per bushel.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, SATURDAY, March 9, 1867.

CRUDE—The market for Crude has been dull and weak throughout the past week, and, compared with the early part of the week, prices have declined considerably. The following sales were reported to-day: 750 bbls to be delivered between the 20th of March and the 15th of April, buyer's option, at 6; 800, on the spot, at 6; 1000, to arrive, at 6; and 1000, to arrive, at 6. The general opinion seems to be that for the time being at least, the bottom has been reached, and while it is not generally believed that there will be any material improvement in prices, it is thought that present rates will be maintained. Yesterday there were sales of three thousand barrels at 6¼, while today only will seven be reported by refiners, as above, there were no sales below 6. In regard to future delivery, there can be but little said as there is but little doing, and there are no established quotations.

REFINED—There was not a single sale of bonded oil reported to-day, and while the market is dull and weak, prices have undergone no change. There were offers to buy for immediate delivery in Philadelphia, at 26—*standard white*, and *prime light straw to white* may be quoted at 25 to 25½. We are cognizant of an offer to buy at 25c for last four months of year, *standard white*, and 31 might possibly be obtained. On cars here, *prime light straw to white*, can be had at 19½ to 20. It is but proper to remark that there are but few sellers at present quotations, as refiners are disposed to believe that the petroleum has been reached, and while it is possible, it may not do much better, yet it cannot get much worse. For free oil, the demand continues very light, and, if anything, prices are a shade lower; standard brands may be quoted at 19c.

ARRIVALS—The following arrivals of oil were reported to-day:

Aladdin Oil Co....3500 | R. D. Coehran....2000
Miller & Edwards 775 |
Total.....6275
Total Receipts for the week.....21,702
Total Receipts last week.....29,042
Total Receipts since Jan. 1.....791,592

RIVER NEWS.

The river continues to recede slowly at this point with nine and a half feet in the channel by the Allegheny marks. The weather yesterday was cloudy and warm, with an occasional sprinkling of rain.

The R. C. Gray got in from Cincinnati, and with the exception of the regular packets, there were no other arrivals.

The Argosy left Cincinnati for Pittsburgh on Friday, and the Importer, Kate Robinson and Pine Grove were advertised to leave on Saturday.

The Ida Stockdale, enroute from Pittsburgh to Fort Benton, passed passed Louisville on Friday.

The Maggie Hayes got in from Cincinnati on Saturday morning, with a good trip, and cleared again the same day, with a very fair trip. She had some thousand and fifty tons. She would have got here on Friday had she not been delayed by bad weather and big river.

The Yorktown and Amelia Poe cleared for the Kansas and Montana gold mines on Saturday evening. The Yorktown had an excellent trip, full of passengers and nearly all the freight she could take. The Poe had a rather slim trip, but she will doubtless fill out below.

The Belle cleared for Oil City, with a very fair trip, and the Ida Rees No. 2 is here to-day from the same point. As we have already stated, there are now but two boats in the Allegheny river trade—one leaving every other day.

The Kate Putnam, Capt. J. H Lightner, will leave for Cincinnati and Louisville on Wednesday without fail, and the Sherman, Capt. Geo. N. Baker, is announced to leave for St. Louis on Thursday. These are both good trips.

The Savanna, Capt. McGowan, is loading for St. Louis and the Upper Mississippi, and will receive freight on Monday, and leave on Tuesday—not later than Wednesday. The America, Capt. Golding, is up for Nashville, and will be the first boat to leave for that point.

The Great Republic, Capt. Donaldson, is the great centre of attraction, being crowded from morning to night, all of whom unite in pronouncing her the great wonder of the age. As announced, the mammoth steamer will leave on New Orleans about the latter part of the week.

The Glendale, Capt. Hare, is loading as an independent packet for St. Louis and the Upper Missouri, and will be ready to take her departure on Wednesday. Messrs. Jas. Collins & Co. are her agents.

We clip the following items from the Cincinnati *Commercial*, of Saturday:

The Argosy brought down a fair trip from Pittsburgh, including 60 plows, 15 tons pound freight, and a large lot of wagons. The Pine Grove, from St. Louis to Pittsburgh, discharged 200 tons of iron ore at Newport, and 100 tons of pig iron at Cincinnati. One item of her cargo consisted of 50 barrels white sand. Admiral Jones reported 4 feet 6 inches in the channel at Pittsburgh. The Minnie, from Pittsburgh, reshipped 41 barrels of oil for Memphis on the Darling, and 20 bbls grease are and 10 bbls tar for Vicksburg. She left for the Wabash. She is full of people, and has 294 tons for the Union Pacific Railroad.

Capt. Jack McCulloch, a well-known steamboat man, died at his residence in this city on Thursday morning, March 7th, after a long illness. He was 58 years old. He was born in Pittsburgh, and was for many years engaged in steamboating on the Ohio river, where it is put on barges of the Mississippi Towing Company. Captain McCulloch is now running a joint steel company in Pittsburgh. He was thinking of building a mammoth steamer. The proposed dimensions are: length 300 feet, beam 50 feet, depth of hold 12 feet. The wheels is four diameter, 24-foot buckets, engines 14 inches diameter, 10 foot stroke, boilers 8 inch 42 inches diameter, 30 feet long. The Times says: "The proposed boat is now running a few days steam at Evansville for $5,000 to the Tennessee River Packet Company. The boat will be called David White has been at Vicksburg for some time.

On the last trip of the Chieftain, on Thursday, preparatory to laying up, she started from the wharf with a number of her officers (among Elisha Bennett. The Bennett overhauled and was about to pass her when Capt. Gordon, who was at the wheel of the Chieftain "jockeyed," and ran into the wheelhouse of the Bennett, damaging it somewhat, and carrying away the flag staff and confused on their errand for some distance, when the Chieftain made another attempt to run into the Bennett, which was successfully avoided by the latter. The Bennett got loose from the Chieftain, and succeeded in getting into Lock No. 2 before the Chieftain could get there. The Chieftain then ran against the gates of the lock, whether mechanically or not we cannot say. This little excursion (unpleasant as it is) will be long remembered by those who were the victims of the matter, and if one half of what we were informed is true, the conduct of some of the employees of the Chieftain will not be soon forgotten. We hope for the credit and reputation of the boat, that the statements and reliable men, says the Captain Cox, of the Bennett, and his officers and crew, that the officers of the Chieftain were trying to their ultimate borne to and doing all in their power to avoid any collision.—*Gazette*.

The new steamer Rebecca, of the Nashville Packet Company, is a sail to pass into the hands of Captain Booth, to run between Louisville and Nashville. The boat was sold—$5,000—was agreed on yesterday, and all that was necessary to consummate it was the assent of a party in Wheeling.

Congress has made a liberal appropriation by Congress of $5,000 for the improvement of the Minnesota river. This is the inauguration of an effort to render the navigation of the Minnesota river continuously navigable, as far at least as Yellow Medicine, during seven months in the year. It will require the removal of the rapids at Little Rapids, for several stretches, of rock ledges, and of shingle-beach, and a deepening at Carver Bar.

Says the St. Louis *Democrat*: Yesterday afternoon, a negro named BETTS, a deck hand on the White Cloud, attempted to commit suicide in the room of Captain Ed. Dix, on Fourth street, opposite the court house, by placing a pistol to his forehead and firing. The ball penetrated the skull, and for some hours it was thought H. was dying; but late this afternoon it was ascertained that he was still alive, and would probably recover. The colored waiter had been in the room a few minutes before the rash attempt was made, and at that time Capt. Hopkins appeared about as cheerful as usual. Various causes are assigned for the deed, and the general opinion is that it was committed under a fit of temporary aberration of mind. Capt. Hopkins has been a steamboat commander fifteen years. He was a widower, having married a daughter of Maj. Kennedy, of Kentucky, who died several years since, and his only child, a girl, was killed by a horse some time since. Capt. Hopkins was raised in this city. He has no relatives here.

Fifty years ago steamboats on the Mississippi took things slow and easy, and were not worried by fast, even when they hurried themselves. The Natchez Courier gives the particulars of what must have been a race. It was the slowest race on record; it was a contest between a steamboat and a keel boat, which took place on the Mississippi fifty years ago, and in which the dug-out was distanced. Here is a report of the race (time not given) as we find it in the *Democrat*: In 1817 the steamboat Eagle, commanded by Capt. Morris, plied the Mississippi between Natchez and New Orleans. Shortly that storms, shoals, fogs, slowness, sand bars and landing would allow; that is to say, about 7 days and 7 nights for a time, there or thereabouts. Once, in passing up, she was hauled for the night at the wood-yard of old Mr. Gaines, at the foot of Glasscock's Island, and Mr. Glasscock told the Captain he could beat her on stream, from the head of the island to Natchez, in a dug-out. Captain Morris and the passengers were all disinclined to the opinion, and bets, one of a barrel of whisky, sums of money, and various other articles, were made, the time-race off the next day. So, in the morning, Mr. Glasscock, accompanied by his son-in-law, Mr. Nathan Dix, the father of our estimable Mayor, took the dug-out, with four negroes to paddle, at the head of the island, and a fair, even start was made, and the race commenced. It was very exciting, but resulted in the dug-out coming in about by fifteen minutes. The *Democrat* winds up by saying that steamboat speed has increased since this race was run, and we can only, emphatically say, Amen.
